Documentation is presented in: Project Review and Compliance Files
Preparer's Eligibility Recommendation: X Eligibility recommended ☐ Eligibility not recommended
Criteria: A B X C D Considerations: A B C D E F G
Complete if the property is a contributing or non-contributing resource to a NR district/property:
Name of the District/Property: Elkton Multiple Resources District
Inventory Number: CE-1295 Eligible: X yes ☐ Listed: ☐ yes
Field visit by MHT Staff ☐ yes ☒ no Name: _____ Date: _____

Description of Property and Justification: *(Please attach map and photo)*

MD 260 West Main Street was photographed by MHT in 1985, but no additional information about the building was provided for the MIHP. The house currently belongs to Mr. and Mrs. Barrow and it stands at the west end of the West Residential District in the Elkton Multiple Resource Area. It is one of the original buildings constructed in "Little Elkton" and is shown on the 1858 Martenet Map on the south side of West Main Street. However, no specific name is associated with the building shown on the map. Furthermore, the 1931 Sanborn Map Company map indicates that this building is a duplex. It is a 2-1/2 story, four bay building with a center chimney and a shed roof porch on the front of the eastern portion of the building. The exterior is clad in aluminum siding and it has a side gable asphalt shingle roof. The two halves of the building do not match and it is possible that the western end has an earlier construction date and is built of log.

The building appears to be little changed from the 1985 photograph. It is not individually eligible for inclusion in the National Register of Historic Places (NRHP) but is a contributing resource to the West Residential District in the Elkton Multiple Resource Area. The District is eligible for the NRHP under Criterion C, but research has not identified events or persons of significance and the building is not eligible for the NRHP under Criteria A or B. Criterion D was not investigated.
